phia programme; this is "My Policy," that and others, have been political agitators, and are bad men. I regret to say, that the course of Gov. Welles has been vascilating, and influence, that a loyal and confiding party that during the late troubles he has shown gave him by electing him Vice President, is now attempting to force upon the American people. The President, as we can clearly show, is faithless to the party that made him Vice President, but faithful to the animus of the act of the assassin which made him made a one mile heat in 2.18, being the fast President. Every rebel in arms against the Government during the rebellion, approves of the President's policy as declared at Philadelphia. Every sympathizer with the re- the war in Europe is ended for the presbellion, whether North or South, approves ent. it. Every Copperhead in the North who opposed the war, approves it, and the murat New Orleans, approve it.
